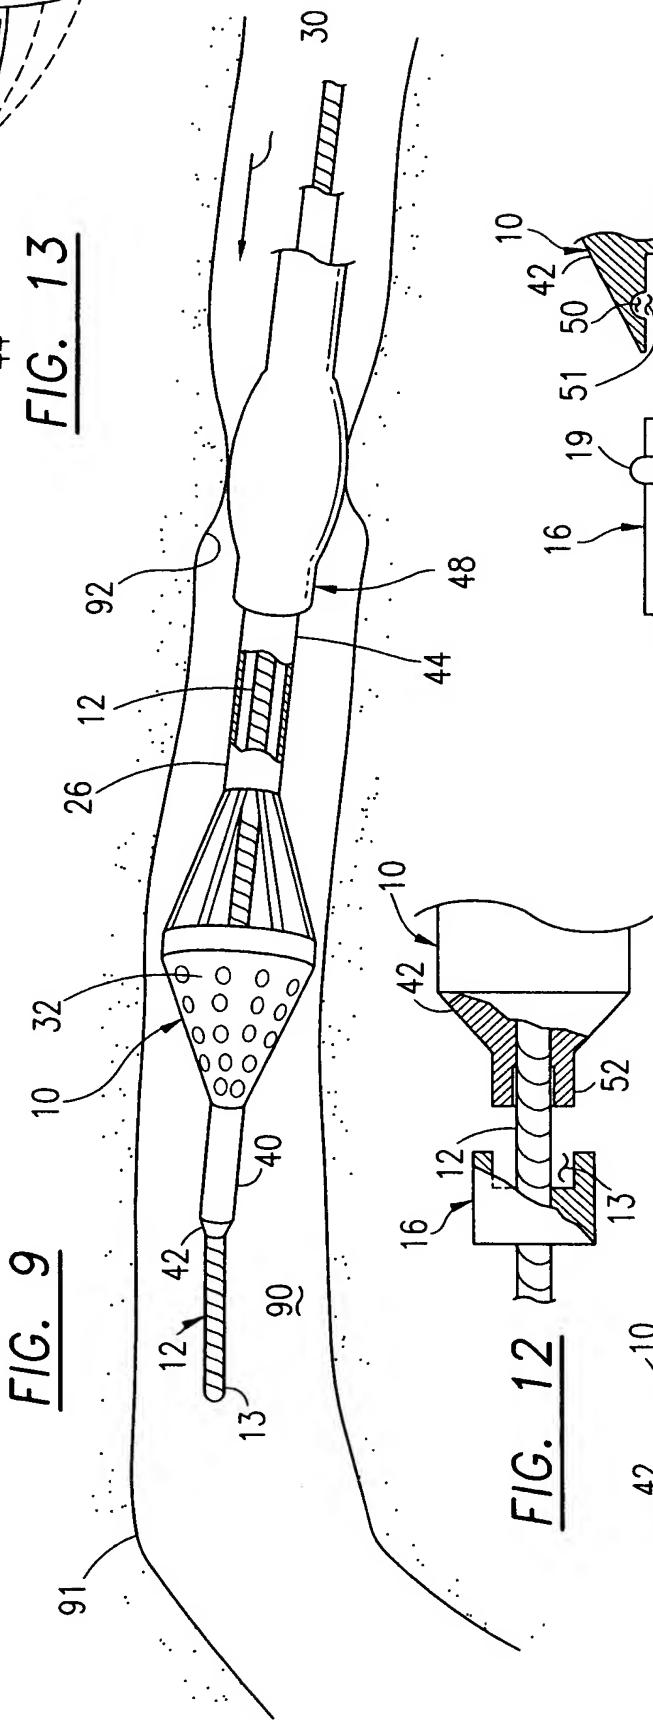

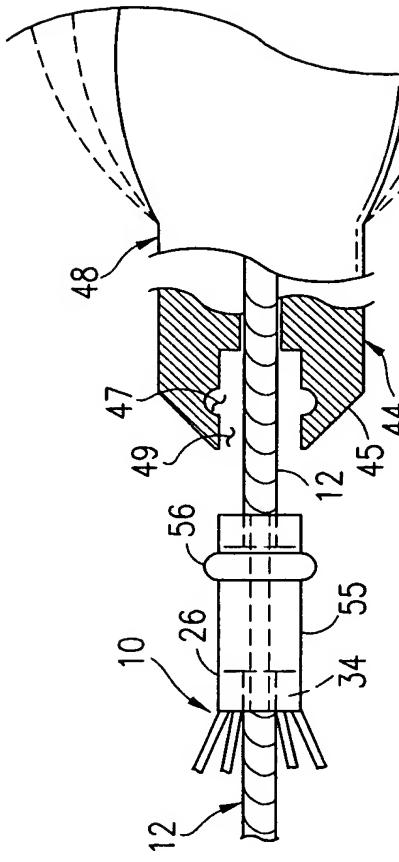

FIG. 13

A cross-sectional view of the central tube assembly. The tube itself is labeled 10. Inside, there is a central core labeled 26, which is connected to a flange labeled 56. The flange has a central hole labeled 49. On either side of the flange, there are two vertical sections labeled 47, which are connected to a horizontal section labeled 48 at the top. The bottom of the tube is labeled 12. The tube is surrounded by a series of curved, ribbed sections labeled 12, 34, 55, 12, 45, 12, 45, 12, 45, and 12 from left to right.
